

INTRODUCTION

Welcome to the United Beagle Gundog Federation ©, devoted to the hunting Beagle, the complete hunting Beagle. We hope you will join with us in our effort to promote the complete Beagle by means of a very special program. A program designed to award both field ability and conformation of the Beagle so that he may best serve the rabbit hunter. This program referred to as the C.H.B. Program or Certified Hunting Beagle came into full existence in 1977 with the running of the first U.B.G.F. National Runoff at the Busch Wildlife Management Area near Weldon Springs, Missouri hosted by the Ill-Mo Beagle Gundog Association. Much credit must be given to the Federation's first Secretary, Col. Ted Roberts of Kentucky, for the writing of this unique program. The awarding of field ability and conformation in the same Beagle such that breeders must strive for the ultimate in breeding Beagles "The Dual Champion".

To prevent the specialization of field only Beagles and/or show only Beagles at all U.B.G.F. Qualifying Trials, both events must be conducted. Hound owners are encouraged to participate in both events by the awarding of a Grand Final Winner and Grand Final Winner Runner-Up Awards. Points for this award are obtained from both field judges and from the conformation show judge. In many instances, the award will not be given to the first place field hound nor to the first place show hound, but to the best total Beagle. The Beagle that can excel in both the field event and show event must be found and used to perpetuate the breed to its highest level as the world's desired hunting hound.

RUNNING RULES AND GENERAL PROCEDURES OF THE UBGF

The United Beagle Gundog Federation © shall adopt for their Running Rules and General Procedures for all member clubs to follow the American Kennel Club Beagle Field Trial Rules and Standard Procedures.

A. Those rules to start with and include General Procedures governing Beagle Field Trials run in braces, small packs, or large packs (from the A.K.C. Beagle Field Trial Rule Book), Procedures:

1. Management
2. Entries
3. Judging
4. Standard for Judging

Special Note: The Field Trial Committee shall have full charge of the organization and management of the trial. There must be at least three members of the Field Trial Committee present on the grounds at all times during the running of the trial. Gallery and Roving Marshals shall be identified by badges or armbands carrying the designation "Marshall". Each class or division of a class shall be judged by two judges. One person only may handle or hunt each hound, all others must remain in the gallery, except one additional person may accompany each handler, with permission of the handler and of the judges.

Castrated dogs and spayed bitches are ineligible for entry and shall not be permitted to compete in Beagle Field Trials.

Measurement is required, except for any hound whose owner had submitted an official measurement card. Each club has the option of measuring all hounds prior to closing entries or of using Winners Pack measuring. If measuring is asked for in the conformation show, it shall be done by the field judges only.

All judges prior to assuming their duties shall familiarize themselves with these rules and procedures and make their findings in accordance therewith. Judges should approach their work with the attitude that the future welfare of the breed is in their hands, and should make their findings and selections on a basis calculated toward keeping the Beagle useful for hunting purposes. Desirable qualities include: searching ability, pursuing ability, accuracy in trailing, proper use of voice, endurance, adaptability, patience, intelligence. Faulty actions include: quitting, backtracking, ghost trailing, pottering, babbling, swinging, skirting, leaving checks, running mute, tightness of mouth, racing, running hit or miss, lack of independence and bounding off. Hounds shall be credited principally for their positive accomplishments.

B. Those rules that start with registrations and Beagle Field Trials Rules Chapter #10, Sections #1 through #14, also Chapter 12, Sections #1 and #2 as written.

Special Notes: Every hound entered must be registered by the A.K.C., part of an A.K.C. Registered litter, or if whelped outside of the United States must have been registered in it's own country of birth whose pedigrees are acceptable for A.K.C. registration.

Every hound must be entered in the name of the person who actually owned the hound at the time entries closed. A hound is not eligible to be entered or to compete in any class if the judge or any member of his immediate family or

household has owned, sold, held under lease, boarded, trained or handled the hound within one year prior to the date of the field trial.

At all U.B.G.F. Qualifying Trials, clubs must follow AKC Small Pack Procedures including A.K.C. Small Pack Option Rules. If there are less than six (6) hounds of a sex eligible to compete in any class, that class shall be combined and run with both sexes in a single class if possible, but if this is not possible because of opposite sex of this class was run on the previous day, then the running of less than six hounds is permissible. There must be a minimum of four (4) hounds entered and started to compete under Small Pack Procedures at any U.B.G.F. Trial.

C. Those rules to start with and include "Additional Standard Procedures for Beagle Field Trials in Small Packs on Rabbit or Hare" including procedure 8-I and all italicized Small Pack Option rules.

Procedure 8. Drawing, Marking and Running

Special Notes: The hounds shall be numbered consecutively as entered, starting with the number "1". These numbers shall be used in the drawing and running of the packs and the names of the hounds must not be used. The packs in first and subsequent series, except for Winner's Pack, shall consist of four (4) to seven (7) hounds, except that when the class has only eight or nine hounds, they MAY be run in one pack. The FIELD TRIAL COMMITTEE shall decide how the class will be divided in first and subsequent series, the number of packs and the number of hounds in each pack. The hounds shall be drawn for in first, second and subsequent series. The hounds shall be run in packs as drawn regardless of ownership and the packs must be run in the order drawn.

At U.B.G.F. Qualifying Trials, the hounds are required to be cast to search for game and to be tested for gun shyness. The Premium List and any advertising shall state "Small Pack Option". Handlers will control the hounds in the search for game and will get the hounds in a pack when game is started.

D. Running together as a pack.

After the game is started, handlers will have five minutes in which to get hounds in the pack unless one or more hounds are running another rabbit. In such cases, or in case of a split pack, the Roving Marshall will instruct, advise, and assist the handlers in getting the hounds together. Judges shall order up all but five (5) hounds when running the Winner's Pack. In deciding on the placing of the hounds, the judges may order up these five remaining hounds all at once, or they may order them picked up one at a time, beginning with the lowest rated hound and working up toward the top hound.

Hounds must be scored on searching ability. Hounds that fail to search for game or interfere with the other hounds that are searching, must be ordered up by the judges.

Hounds must be tested for gun shyness in all classes and gunfire shall only be simulated by means of a blank cartridge. At all U.B.G.F. Qualifying Trials, the firearm to be used to test the hounds for gun shyness in all classes shall be at least a 20 gauge shotgun with a blank cartridge or a .32 caliber or larger pistol with a blank cartridge. THE FIELD TRIAL COMMITTEE shall decide in which series that testing for gun shyness shall take place.

Not until all the hounds have settled down in full pursuit of game and they can be observed by one or both judges, shall the judges ask the Marshall to fire a single blank cartridge from within normal gunshot range of the pack. Under no circumstances, shall a hound that is being judged for gun shyness be shot over unless it is working fresh scent, or unless it has been given ample time to hark to the pack if game is being pursued vigorously by the pack. The judges may request that the Marshall fire additional blank cartridges under the same conditions above until they are satisfied that the pack is free of gun-shy hounds. No hounds shall be demerited or picked up for harking to gunfire.

E. Additional options that may be used at any U.B.G.F. Qualifying Trial for Certified Hunting Beagles:

1. Color-coded collars shall be used. Painting numbers on the hounds is the option of the clubs.
2. Alternate packs may be run whenever it is warranted by the Field Trial Committee.
3. Any club may run a combined sex C.H.B. Qualifying Trail providing the host club advertises that it will be a combined sex trial.

F. No entry which is still in active competition or being considered for placement shall be assisted through any fences or other obstacles by anyone other than one of the marshals, under penalty of disqualification of the hound in question and/or hounds owned by the person violating this provision.

G. During the running, the handlers shall remove any hounds entered by them at the request of the judges. They shall also refrain from interfering with the running and/or judging by remaining silent, and refraining from loud or unusual noises during the run, and confine themselves to an area BEHIND the judges at such distance that will permit the free exchange of information between the judges.

Handlers SHALL NOT volunteer any information about the running unless requested to do so by the judges. Any handler who REFUSES to follow directives or any reasonable request of the judges, may be disqualified from competition. Any or ALL entries he/she may have in that class may be ordered out of the running. In the event of disqualification, any entry fees paid by the owner or his agent shall be forfeited.

H. U.B.G.F. will have the authority to withhold certification of hounds for cause, but field and show judges will not have the authority to withhold places. Sixty(60) points will be required in the field event and sixty (60) points in the conformation event to be qualified as a C.H.B. hound and/or be eligible to compete in the National Run-off.

I. At all U.B.G.F. Qualifying Trials, the field judges shall score their top five (5) hounds with points from 0 to 100, with 100 being considered to be a perfect hound for points going into consideration for the GRAND FINAL WINNER TROPHY and/or the GRAND FINAL WINNER RUNNER-UP TROPHY. The points shall be scored by the field judges independently of each other and turned over to the Field Trail Secretary.

The Field Trial Secretary will add the total score and divide the total by two, which will result in an average number of points received by each scored entry. The Field Trial Secretary will post placement of field hounds at the end of each day's competition, however, he/she will not post points (field or show) until all competition for the trial has been completed.

J. At U.B.G.F. Qualifying Trials, National and Derby Run-offs, a hound must be a dual entry, field and conformation by paying one entry fee. It is not mandatory for a hound to attend the conformation event or to be scored by the conformation judge.

K. At all U.B.G.F. Qualifying Trials, a conformation show competition for open sized and sexed entries will be conducted. Entry requirements for these classes are the same for field entries. Puppy classes are not mandatory, however, they may be included by the sponsoring club. However, points acquired in show classes are limited to one class only if the hound has also been entered in open class. Hounds entered in this class must be between six (6) months and twelve (12) months of age on the day of the show.

L. Scoring in all conformation classes: Hounds shall be scored from 0 to 100 points, using the U.B.G.F. Conformation Scale of Points taken from the American Kennel Club Official Standard for the Beagle, with the first place hound receiving the closest score to 100 and the second place hound the next highest score, etc. Scored hounds in show classes need not be placed field hounds, or placed show hounds need not be placed in the field, but ALL HOUNDS SHALL RECEIVE SOME SCORE except if the hound has been disqualified.

NOTE: The conformation show judge may not also be a field judge at the same U.B.G.F. Qualifying Trial.

M. The Conformation Show Steward will receive the hound scoring from the show judge and maintain this list until such time the Field Trial Secretary posts the field winners and their respective field scores. At this time, the show points, if any, will be added to the field points of the field winners only, points going into consideration for the GRAND FINAL WINNER TROPHY and/or GRAND FINAL WINNER RUNNER-UP TROPHY.

N. The following awards will be used at all U.B.G.F. Qualifying Trials:

GRAND FINAL WINNER TROPHY - Presented to the single hound scoring the highest combined total of both field and show points at the trial.

GRAND FINAL WINNER RUNNER-UP TROPHY - Presented to the single hound scoring the second highest combined total of both field and show points at the trial.

CLASS AWARDS FIELD AND SHOW - Trophies for first, rosettes for second through N.B.Q. place, shall be presented. If one portion of a class is to be all trophy, then other equal classes must share the same benefits, i.e., if the 13" field class is awarded all trophy, then the 15" field class must too. Same applies to show classes, however, field classes can be all trophy, while show classes can be the minimum awards as trophies for first, rosettes for second through reserve places.

O. TIE: In the event of a tie for the Grand Final Winner Trophy or the Grand Final Winner Runner-Up Trophy, the following breaker system will be used.

1. The hound with the highest field placement shall win.
2. If field place is a tie, then the hound with the highest field points shall win.
3. If field points are the same, then the hound placing in the largest field class (defeated more field starters) shall win.

4. If field classes of same size, then the hound placing in the largest show class shall win.

P. Requirements for Certified Hunting Beagle Certification:

In order to be awarded the title of Certified Hunting Beagle, a hound must place in the top five (5) in its field class at a C.H.B. Qualifying Trial approved by the Board of Directors, and said hound must score a minimum of sixty (60) points in both field competition and the conformation show at the same C.H.B. Qualifying Trial in which it was awarded a placement in the field segment. Refer to the U.B.G.F. Conformation Scale of Points taken from the American Kennel Club Official Standard for the Beagle.

The owner of that hound shall be provided with an application asking for name and registration number of the Beagle, date of birth, sire, dam, breeder, name and address of owner, and name and location of the sponsoring club at which the hound qualified.

If the hound is run as part of an AKC registered litter, the C.H.B. certificate will not be issued until the hound is A.K.C. registered. A.K.C. registering must occur with 90 days under penalty of withdrawal of C.H.B. qualification.

This application along with a fee of \$5.00 is to be sent to the U.B.G.F. Chairman of C.H.B. Records within thirty (30) days of qualifying. Upon being accepted as a Certified Hunting Beagle, the owner will receive a copy of the official certificate (see enclosed sample), listing that hound as being recognized as a Certified Hunting Beagle. This title will remain with the hound until its death.

Special Note: This will also qualify the hound to be entered into the U.B.G.F. National Run-off for Gundog Championship for that single year for the National Run-off.

Q. A fee of \$1.00 per hound at all U.B.G.F. Qualifying Trials shall be paid by the host club to the UBGF no later than thirty (30) days after said trial. Failure to do so will result in a \$25.00 late fine. A complete list of the trial results including number of hounds in each class and name of field judges and show judge must be sent to the U.B.G.F. Processor of C.H.B. Records with thirty (30) days of the trial. Failure to do so will result in a \$25.00 fine.

ANY MOTION TO CHANGE THESE OR ANY SUBSEQUENT RUNNING RULES MUST BE SUBMITTED TO THE INDIVIDUAL CLUBS SIXTY (60) DAYS BEFORE THE MOTION IS TO BE VOTED UPON.

CONFORMATION SHOWS**

A. A hound is not eligible to be evaluated, scored, or to compete in any conformation class if an advertised or actual judge of that class or any member of his immediate family or household has owned, sold, held under lease, boarded, field or conformation trained or handled the hound in any U.B.G.F. or A.K.C. field or show sanctioned or licensed event within one year prior to the date of the conformation show event. Immediate family is defined as husband, wife, father, mother, son, daughter, brother, or sister.

B. The U.B.G.F. recommends that only one conformation show judge be used to evaluate all four classes offered for competition at the club's U.B.G.F.

sanctioned C.H.B. or Derby Qualifying Trials. The advertised and/or actual conformation show judge may not be one of the field judges at the same U.B.G.F. Qualifying Trial.

C. The field trial committee can evaluate any dog entered in the field by the Show Judge and there by scoring it on the bench, giving it the minimum required score of sixty (60) points, if all criteria are met. The hound must be announced before entries are closed, and the evaluation must be done in public with witnesses.

D. Each hound entered with the field event may be evaluated singularly by the conformation judge while first series field competition is in progress. All hounds participating in the conformation show competition should be evaluated singularly prior to the completion of first series field competition. If an insufficient number of hounds is entered to conduct a first series, and only the Winners Pack is taken to the field, then the hounds are to be evaluated by the conformation show judge after the completion of the field event.

E. The conformation show judge is to post the numbers of the higher scoring hounds to be returned for the second and final evaluation as viewed against each other. It is recommended that this final evaluation take place, as soon after the first series field competition is completed, however, it should never interfere with the field competition.

F. It is recommended that nine (9) high scoring hounds should be returned to the show ring for the final evaluation, unless the total class size exceeds fifty (50) hounds. This final evaluation by the conformation judge should take no more than twenty (20) minutes to complete.

G. After the final evaluation has been completed for that class, and the highest scoring hounds are placed, no additional hounds within that class may be evaluated or scored.

H. The conformation judge does not have the authority to, and may not, measure any hound being evaluated within any class. The conformation judge must accept the following:

1. The A.K.C. Official Measurement Card if so presented to the Field Trial Secretary at the time of entry.
2. The pre-measurement taken by the field judges for the class that the hound was entered into at that field trial.
3. The measurement taken by the field judges when hounds are being measured for possible use in the Winners Pack.

I. If any hound was scored and placed 1st, 2nd, 3rd, 4th or NBQ by the conformation judge and is then measured out by the field judges or the class for which it was entered into, the following rules apply:

1. The owner or handler of said hound must return any trophy, ribbon, or prizes to the host club.
2. All other previously placed hounds would then move up in order of merit, if eligible. Hounds that had not been placed would not move up nor would the conformation show judge place additional hounds. In such a case, some placements would not be filled.

J. A dog or bitch which is blind, deaf, castrated, spayed, or which has been changed in appearance by artificial means except as specified in the standard for its breed, or a male which does not have two (2) normal testicles normally located in the scrotum, may not compete at any U.B.G.F. Conformation Show and will be disqualified. A dog will not be considered eligible that has been changed by artificial means except for removal of dewclaws because this is a regularly approved practice, which is not contrary to the standard.

K. No dog or bitch shall be eligible to compete at any show, and no dog shall receive any award at any show in the event of the natural color or shade of natural color, or the natural markings of the dog or bitch have been altered or changed by the use of any substance, whether such substance has been used for cleaning purposes or for any other reason. Such cleaning substances are to be removed before the dog or bitch enters the ring.

A DOG OR BITCH WITH AN ALTERED, CUT, OR DOCKED TAIL SHALL NOT BE A DISQUALIFICATION FROM THE SHOW EVENT BUT WILL RECEIVE A 5 POINT PENALTY FOR THE DOCKED OR ALTERED TAIL.

CONFORMATION SEMINARS INSTRUCTORS

The Conformation Director will not hold exclusive privileges in conducting conformation seminars. The Federation Board of Directors will assume the responsibility of screening people for various reasons if they, in fact, desire to instruct conformation seminars. The Board will ascertain the following:

- Credentials (do they currently and actively judge conformation shows).
- Ability to provide instruction to a group of people.
- Available to travel.
- Ensure that if they were to instruct such a seminar, that they be proficient in following a "lesson plan" to ensure that the required material be covered in the seminar.
- Maintain the desire to promote the Federation's philosophy in producing the dual-purpose hound, and thus
- Restrict themselves to instructing only those clubs requesting a seminar who are of good standing in our Federation.

CONFORMATION SEMINAR GUIDELINES

The Board of Directors have set forth some guidelines for clubs requesting conformation seminars within the U.B.G.F.

- A. Only member clubs of the U.B.G.F. may host a conformation seminar instructed by a recommended conformation instructor or by the Conformation Director.
- B. A conformation seminar shall be limited to the times, days and dates advertised.
- C. There must be enough attendees for a proposed seminar that will not cause a financial burden to the host club (s).
- D. The host club (s) may impose a fee for each attendee of the seminar, to cover cost involved and/or as a money making project.
- E. The host club shall be responsible for any or all expenses related to the seminar such as advertising, lunches, etc.

F. The host club is also responsible for reimbursing the instructor for any fee's set forth by them in a pre-arranged agreement.

Because most seminars are limited to one day, the host club will only be responsible for paying up to two (2) nights hotel charges and meals for the instructor. Any additional lodging expenses incurred by the instructor will be paid for by the instructor.

G. There will be no limit as to how many seminars a host club can hold as long as the Federations requirements for conducting said seminar is met.

H. Clubs wishing to host a conformation seminar must follow the steps currently enforced by this Federation. A letter must be sent to the Federation Conformation Director requesting the conformation seminar. At that time, the Conformation Director will contact the Corresponding Secretary to determine if the dates applied for are not in conflict with other Federation Events. If a specific instructor is requested out of the list of instructors the Federation has available, this will be who will conduct the seminar with respect to geographic and availability of that instructor. The Conformation Director will then contact by phone and follow up with a letter to the instructor chosen and detail information to that instructor.

I. Conformation seminars should be planned far enough in advance so advertisement in the Hounds and Hunting of Small Option Pack magazines for the seminar date place and any charges.

J. The Conformation Director shall maintain and supply the Federation will an updated list of conformation instructors.

FIELD JUDGES FOR THE U.B.G.F.

The intent and purpose of the following program is to assist member clubs in obtaining high quality, consistent and reliable field judges to be used at all U.B.G.F. sanctioned C.H.B. Qualifying Trials in order that we may find and reward the best hunting Beagle available for breeding.

A. Selecting a Field Judge:

Each year between October 1st and December 31st, every club within the United Beagle Gundog Federation © must submit to the Director of Field Judges, a list of names from their immediate area, that qualify and are willing to participate as a U.B.G.F. Approved Field Judge for the following calendar year. These field judges must be able to meet the requirements listed in paragraph C of this rulebook. This total list of field judges will then be sent to each club Secretary by the Director of U.B.G.F. Field Judges as an "Approved U.B.G.F. Field Judges List" to be used in hiring field judges for that calendar year. A club should select field judges from this list only, as their approved field judges for the U.B.G.F. Sanctioned C.H.B. Qualifying Trials. If two (2) field judges are to be used for the trial, then only one (1) can be a member of the host club or on the host club selection list. If four (4) field judges are to be used for the trial, then only two (2) of them can be members of the host club or on the host club selection list. All field judges should be listed on the "Approved U.B.G.F. Field Judges List" for that calendar year.

B. The Director of U.B.G.F. Field Judges:

The United Beagle Gundog Federation © Second Vice President will be expected to serve as the DIRECTOR OF FIELD JUDGES. He/she will maintain a list of U.B.G.F. Approved Field Judges and reissue this list each year to all clubs of the U.B.G.F. prior to January 1st.

He/she will also observe as many C.H.B. Qualifying Trials as possible to confirm that field judges have conformed to the running rules of the U.B.G.F. and have selected hounds that are able to search out their game, to pursue it in an energetic and decisive manner and have an intense enthusiasm for hunting. Hounds should be able to drive a rabbit long, hard, and continuously with desire and drive as no hound can be too fast, provided the trail is clearly followed thus keeping the Beagle useful for hunting purposes.

C. Qualifications To Become a U.B.G.F. Approved Field Judge:

1. A U.B.G.F. field judge must be 18 years of age or older and must be a member of a U.B.G.F. member club at the date of the trial to be an approved judge.
2. A U.B.G.F. field judge must have had attended and passed one of the following Field Trial Seminars:
 - a. U.B.G.F. Approved Field Trial Seminar
 - b. A.K.C. Approved Field Trial Seminar
 - c. Be an Approved Canadian License Trial Judge

A U.B.G.F. approved field must have been a field trial judge at three (3) previous Beagle field trials or had been a field trial judge apprentice at three (3) previous Beagle field trials.

D. Responsibility of a U.B.G.F. Approved Field Judge:

All U.B.G.F. field judges must have full knowledge of all existing running rules of the U.B.G.F. and A.K.C. Small Pack Option Rules. He/she must carry them out as intended to find and award the most useful Beagle for hunting purposes only.

E. Removing a Field Judge From The Approved List:

The U.B.G.F. is to be notified of all judging cancellations by the Field Trial Secretary. The U.B.G.F. will continue to approve that person to judge provided he/she has a legitimate reason for cancellation and that the reason for cancellation is listed in the trial report or the judge notifies the U.B.G.F. Legitimate reasons will include illness, accidents, deaths or emergencies within the immediate family, unexpected job changes or assignments. Frequent no-shows and casual cancellations will be dealt with as specified below. The U.B.G.F. Board of Directors will be the determining authority for the legitimacy of all excuses.

If the assigned judge notifies the club Field Trial Secretary or the person who contracted with him/her in writing more than ninety (90) days prior to his/her judging assignment date, then this notification will relieve said judge from any penalty.

The U.B.G.F. Board of Directors shall have the power to remove any name from the "Approved U.B.G.F. Field Judges List" by a majority vote of those members of the Board of Directors after having received notice from any club that said judge has not maintained the standards of the United Beagle Gundog Federation ©.
(Field Judges, cont'd.)

F. Marshals:

Field Marshals for the All-Age National Run-off and the Derby National Run-off must be at least 18 years of age.

G. Board of Directors:

A current officer elected or appointed of the U.B.G.F. shall be eligible to judge field or show events at the All-Age National and Derby National Run-off. The U.B.G.F. Board of Directors will appoint additional person(s) to the field trial committee to help conduct the trials. No more than two officers will be allowed to judge any single event.

ANY MOTION TO CHANGE THESE RULES FOR FIELD JUDGES MUST BE SUBMITTED TO THE INDIVIDUAL CLUBS SIXTY (60) DAYS BEFORE THE MOTION IS TO BE VOTED UPON.
